

## **IMPORTANT**

**FOR INDOOR USE ONLY.** Your new butcher block needs to be sealed within 24 hours of opening the shrink wrap in order to prevent warping and cracking. If you have already opened your block, and are not able to finish at this time, please store the butcher block lying flat and cover it with a blanket to prevent it from drying out.

## **USE & CARE**

- Begin by sanding your block with 320 grit sandpaper, moving with the grain until smooth.
- Wipe off excess dust from sanding.
- (Optional) If you want to add a stain, do so at this time. Please allow the stain to fully cure before sealing your butcher block.
- Next, apply an oil or a polyurethane/lacquer to ALL SIX SIDES to seal the butcher block. Do not use both.
- Research the pros and cons of these options to find which product fits your needs. Follow the directions of the product you choose.
- Sanding between coats may be necessary to get a smoother finish.
- Let the product dry completely before use.

## **CLEANING INSTRUCTIONS**

Clean using mild soap, warm water, and a sponge. To disinfect, use ONLY pure white vinegar or a mixture of two tablespoons of chlorine bleach in a gallon of water. Be sure to wipe with a cloth to completely dry the block.

## **WARRANTY**

This product comes with a 90 day limited warranty. It can be exchanged or refunded if the product has delaminating staves, joint separation, or any other damages due to faulty fabrication. The product warranty will not cover product damage from improper storing, handling, alteration, or installation. Any damage due to transportation must be reported immediately.

Differences in grain, coloring, or mineral streaking, as it occurred in nature, will be present. No two grain patterns, textures or colors are identical.

## **DISCLAIMER**

This document gives general recommendations only. It serves as a general guide to good practice and constitutes no form of warranty or representation as to fitness for a particular purpose in respect of the products and processes described in it. Any information or products contained within this document must be verified and tested for suitability by the user for his or her particular purpose or specific application. Consideration needs to be given to local laws or regulations or specific circumstances. The content of this document reflects our knowledge and experience at the time of publication. The information provided in this document is solely indicative. We are unable to warrant the accuracy and completeness of this information. No rights can be derived from the information provided; the use of the information is at your own risk and responsibility. This document does not guarantee any properties of our products. We do not warrant that the information in this document is suitable for the purpose for which you consult it. Other than our express warranty, the document does not contain any design, structural calculation, estimate or other warranty or representation that may be relied on. Colors used in our communications (including but not limited to printed matter) and in samples of our products may differ from the colors of the products to be supplied. Our products and samples are produced within the specified color tolerances and the colors (of production batches) may differ, even if the same color is used. The viewing angle also influences the color perception. Customers and third parties must have a professional adviser inform them about (the suitability of) our products for all desired applications and about applicable laws and regulations. We reserve the right to change (the specifications for) our products without prior notice. The newest version of the document replaces all previous versions. We advise that the newest version may contain technical changes that must be taken into account when using the products. The latest version of the document may be consulted on our website ([www.hartson-kennedy.com](http://www.hartson-kennedy.com)). You should always check whether an updated version of the document is available.

Any warranty on the products may be voided if the (contents of the) latest version of this document, which may be updated from time to time, is not (properly) followed. We have made every effort to ensure the accuracy of the information in this document, but we cannot be held liable for any oversights,

inaccuracies or typographical errors. To the maximum extent permitted under the applicable law, we shall not be liable (neither contractual nor non-contractual) for any damage arising from or related to the use of this document, except if and to the extent that such damage is the result of willful misconduct or gross negligence on our part. All our oral and written statements, offers, quotations, sales, supplies, deliveries and/or agreements and all related activities are governed by our general terms and conditions. All intellectual property rights and other rights regarding the content of this document (including logos, text and photographs) are owned by us and/or our licensors.
